English Program
Mathayomwatsing School
Bangkok
March 3 2022.

To whom it may concern.

I highly recommend Miss. Sasipa Techathanwisit as an undergrad student for your esteemed institution. I have known Miss. Sasipa for almost 6 years in my capacity as an English Teacher of the English Program of Mathayomwatsing School.

While a student at Mathayomwatsing, Sasipa was able to maintain a GPA of above 3. In addition to her being a dedicated student, she is also a diligent and hard-working person as she always aimed for self-improvement. Furthermore, she is a friendly and positive person, having good relationships and wonderful rapport with others. Moreover, she is flexible and has the ability to quickly adapt to a new environment. All in all, though she might not have been the cleverest in her class, I can assure you that she has strong determination especially when it comes to things she really desires. Given to her interest in computer science at your revered institution, with a positive attitude, I promise you won't regret accepting her into the program. Besides she has excellent written and verbal communication skills.

She would be a valuable addition to your institution, if given the chance. If you have further questions regarding her academics, please do not hesitate to contact me at sylnjawe@gmail.com.

Sincerely,

Ms. Sylvie Njawe
